

Public Works

No.	Title
1	A course In Highway Engineering\
2	A text book on high way engineering and airports
3	A text-book of railway engineering,
4	Alternative materials in road constriction
5	design and construction of concrete roads
6	Engineering surveying /
7	External works, roads and drainage :
8	High way engineering
9	Highway engineering /
10	Highway engineering /
11	Highway engineering handbook :
12	How sbecale an engine driver
13	How to operate excavation equipment
14	Principles of Highway Engineering /
15	Railrood engineering
16	Railway construction
17	Railways Bridges and tunnels :

18	Road Techniques.
19	Roads
20	Route Surveying /
21	Soil mechanics for road engineers /
22	The fundamental principles of road passenger transport operation.
23	Traffic and Highway Engineering
24	Traffic engineering /
25	Traffic engineering design
26	التصميم الهندسي للطرق ومساحة المسارات /
27	هندسة السكك الحديدية.
28	هندسة السكك الحديدية.
29	هندسة الطرق والمطارات.
